Education

Web Development

Kable Academy

Expected in Jun 2022

Blue Ash, OH

Intensive 12 week web development program where I learned business etiquette, and multiple development languages/tools to complete projects and meet deadlines.

Bartending Certificate

Cincinnati Bartending School

Sep 2019

Cincinnati, OH

Intensive 2 week bartending program where I learned bar etiquette and how to make over 150 mixed drinks.

Some College (No Degree): General Studies

Miami University of Middletown

Middletown, OH

High School Diploma

Madison High School

May 2009

Middletown, OH

Experience

Capsules Machine Operator

May 2021 - Mar 2022

Mane, Inc.

Lebanon, OH

Production environment where I monitored machines during operation to detect malfunctions or excessive vibration and adjusted machines to eliminate problems, then updated daily production logs and informed management of production incidents.

Delivery Driver

Apr 2020 - Dec 2020

Pizza Hut

Trenton, OH

Food service environment where I completed on-time deliveries per shift by choosing the most efficient routes using effective planning and organizational skills. Communicated customer complaints, requests and feedback to management for swift resolution and customer retention.

Lab & Field Testing Tech, Drill Crew Assistant

Apr 2013 - Oct 2019

Alt & Witzig Engineering, Inc.

Sharonville, OH

Construction environment where I was cross-trained in several roles.

- Lab testing allowed me to perform various tests on construction materials and log the results to be compiled into reports.
- Field testing allowed me to travel to various construction sites to perform on-site testing/inspections/consulting for site supervisors, and then compile those results into reports.
- Drill crew assistant allowed me to assist our certified drill operator with retrieving, sampling, and classifying soil samples to bring to the lab for further testing.

Certified Trainer, Server, Busser

Jun 2010 - Oct 2015

Olive Garden

Middletown, OH

Hospitality environment where I was cross-trained in several roles.

- Certified trainer allowed me to provide front of house training to new employees, and assist in correcting POS errors by modifying guests' checks.
- Server allowed me to explain menu items and suggest appropriate options for food allergy concerns. Coordinate with management and other staff about guests' needs. Improve customer satisfaction by building relationships, answering customers' questions, and resolving issues.
- Busser allowed me to maintain adequate levels of condiments and well-stocked drink stations to maintain business needs. Assist servers with table service when in busy periods, and maintain clean and organized work areas.
